	or 2967-150 (for use with JD 5 bolt unit coulters) prior to '04		
IMPORTANT	Long parallel arm option package from planter manufacturer is required		

Some planter frame and row unit combinations result in the fertilizer opener offset from 4" - 6" of the center line of the true V-opener.

*Blade Choices refer to price book.

^ Quantity to order varies depending on which parallel arm "ordering code" the planter is equipped.

\$ See price book for one fertilizer wheel option for 2968
