

2984 MAVERICK™ HR PLUS®

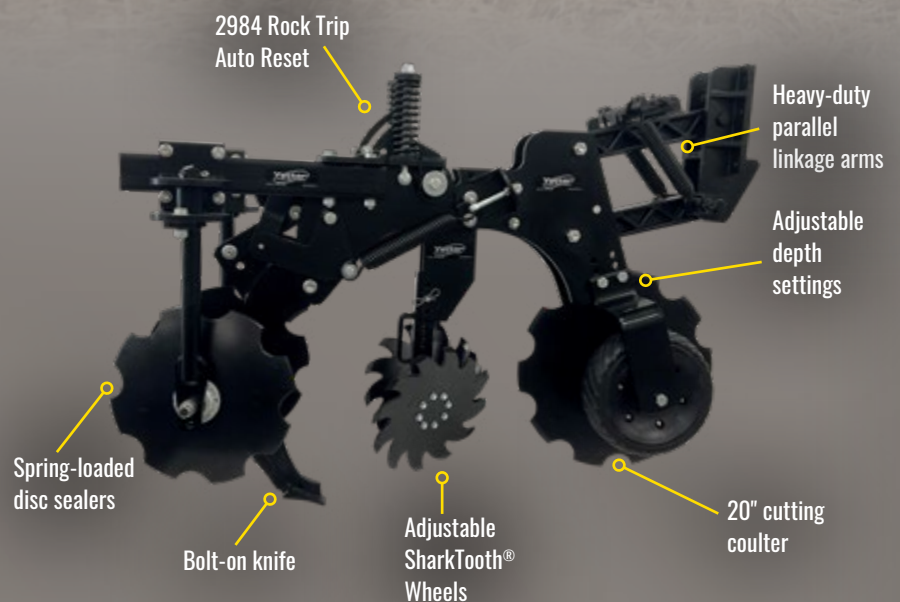

Perform residue management, nutrient management, and seedbed preparation in the fall or spring with the 2984 Maverick HR Plus.

Backed by 30+ years of strip-till product experience, the Maverick strip-till unit provides savings in terms of time, water, equipment, and fuel costs.

2984 MAVERICK HR PLUS

Adjustable design with options for fall or spring strip-till

- » Available for application of dry fertilizer, liquid fertilizer, anhydrous, or any fertilizer combination
- » 2984 Rock Trip Auto Reset feature eliminates need to leave tractor cab to reset knives or replace shear bolts (see back)
- » 20" notched cutting couler features parallel linkage design and five settings for changing knife depth
- » Adjustable row cleaners clear strips
- » Spring-loaded disc sealers offer infinite adjustments for width, pitch, and distance from knife to build the berm desired for your field conditions
- » Add the optional 2984 Rolling Basket to till and condition soil in one pass (see back)

STRIP-TILL ADVANTAGES

- » Time, water, equipment, and fuel cost savings
- » Soil that warms more quickly, allowing earlier planting dates
- » Healthier soil with more natural organic matter that boosts infiltration rate and retention of water

MAVERICK™ OPTIONS CREATE A MULTIFUNCTIONAL TOOL

2984 COULTER FRESHENER ATTACHMENT

Bolts directly to Maverick shank in place
of the knife

- » Warms the planting zone by gently stirring cool, wet soil
- » Features two coulters spaced 6" apart

2984 ROLLING BASKET

Improves soil condition

- » Breaks up large soil clods, leaving finer soils in the seedbed for optimal seed-to-soil contact

2984 ROCK TRIP AUTO RESET

Smooths operation in rocky terrain

- » Trips the fertilizer knife when an obstacle is encountered
- » Knife automatically trips back into place, eliminating the need to leave tractor cab to reset knives or replace bolts
